

COMMITTED TO CASTING EXCELLENCE

MAGMA is a developer and supplier of software for simulation and optimization of casting designs and processes. The name MAGMA stands for robust and innovative casting solutions as well as a strong partnership with the metal casting industry. By combining casting process knowledge with simulation competence, **MAGMA** partners with our customers to use our expertise to their advantage in the profitable optimization of castings and casting processes with our product **MAGMASOFT**[®]. Using the **MAGMA APPROACH**, we aim to expand the potential of casting processes and contribute to the competitiveness of cast components.

Key Facts

- Founded in 1988
- Headquarters in Aachen, Germany
- Offices and subsidiaries in the USA, Singapore, Brazil, Korea, Turkey, India, China and the Czech Republic
- Engineering services for the design and optimization of casting processes
- MAGMAacademy offers comprehensive further education
